

We the **Pharmacy**
are committed
not to leave
anyone behind

 **SUSTAINABLE DEVELOPMENT GOALS**
Facilitating patient accessibility, through the pharmacy network, to all innovative medicines

 **We are with the society as a whole**

1 NO POVERTY
The pharmacy network provides care to the most vulnerable and facilitates their access to medicines, especially in emergency situations

2 ZERO HUNGER
We promote access to healthy, nutritious and sufficient food for all and combat malnutrition

3 GOOD HEALTH AND WELL-BEING
Community pharmacies participate in projects and campaigns aimed at both health promotion and prevention of different diseases as well as ensuring access to medicines

5 GENDER EQUALITY
Community pharmacies collaborate with Public Administration in relation to the State Pact against gender violence and participate in the promotion of healthy behaviors in relation to sexuality

10 REDUCED INEQUALITIES
Community pharmacies collaborate in campaigns against social exclusion

16 PEACE, JUSTICE AND STRONG INSTITUTIONS
Pharmacies may also collaborate in actions aimed at combating violence against minors or vulnerable people

 **For a healthy environment**

3 GOOD HEALTH AND WELL-BEING
Pharmacies facilitate citizens' efforts to properly dispose medicine waste

6 CLEAN WATER AND SANITATION
More than 3,000 public health pharmacists employed by the Autonomous Communities carry out the control and surveillance of human consumption water

12 RESPONSIBLE CONSUMPTION AND PRODUCTION
Significant energy savings and emission reductions are achieved thanks to its participation in the SIGRE system

 **Promote development**
